SIGNAGE & TRAFFIC CONTROL

Wate Mate — Hi-Vis Yellow Sign Stand Weight

Product Code: *39-100027*

Product Image

DESCRIPTION

Pre-filled 6kg temporary sign weight in hi-vis yellow HDPE, made to suit multi-message and boxed edge sign legs. Designed for traffic control deployment on building, civil and construction sites, with quick deployment and easy handling.

KEY FEATURES

- Made to suit multi-message and boxed edge sign legs
- Pre-filled weight of 6kg
- Long-lasting HDPE design
- Hi-vis yellow

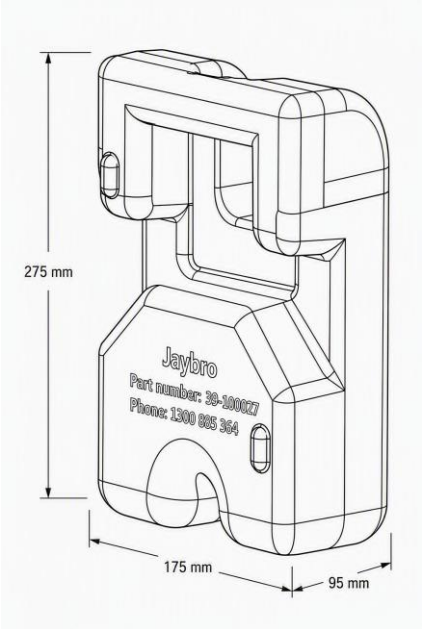

BENEFITS

- Fits the legs already on site — multi-message and boxed edge sign legs up to 30 × 30mm
- Ready to deploy — pre-filled to 6kg, with nothing to fill on site. One per leg
- Easy to spot — hi-vis yellow keeps the weight visible at the base of the sign
- Built for repeat use — durable HDPE, with a 2–5 year expected service life
