

Hi-Vis Reflective Day/Night QLD Traffic Controller Vest Yellow Sizes M - 3XL

Product Images

Short Description

QLD traffic controller vest. Hi-vis yellow / lime fabric labelled with 'traffic control' text front and back.

Description

This Hi-Vis Reflective Day/Night QLD Traffic Controller Vest meets Queensland TMR traffic control specifications. This fluorescent yellow traffic controller vest is poncho style with open sides. It conforms with Australian Standards for day night use and features two horizontal reflective strips on the front and back faces of the vest, at the waist.

Additionally, there is two vertical strips on the front and back running across the shoulders in the approved traffic controller vest pattern. The bold letters TRAFFIC CONTROL ensure motorists know that the wearer is highly visible on site.

- Fluorescent hi-vis yellow
- Poncho style
- Design meets Australian Standard for day/night
- Roomy and comfortable
- Placement of retro-reflective strips is in accordance with QLD guidelines
