

Twin Floodlight, 500W, Halogen Lamps

Product Images

Short Description

Work light tripod with twin 500W halogen floodlights

Description

Features twin 500W halogen floodlights on an adjustable aluminium tripod. Great for night work and anywhere extra light is required on site. The halogen lamps give excellent visibility and are ideal for indoor or outdoor use. The waterproof lights feature a safety grill and tempered glass face. Lamps can be individually positioned and the main stem can be adjusted up to 1.8 metres in height. Ideal for contractors, builders and tradespeople, this twin work light features highly visible yellow coating and a sturdy 3 point base to resist toppling.

- 500W halogen lamps
- Hi vis yellow coating
- Adjustable to 1.8 metres in height
- Waterproof
- Safety grates over each light
- Lights can be adjusted independent of each other
