

Electrical Lead Stand, Adjustable to 2.5 metres

Product Images

Short Description

Electrical lead stand supplied with nuts and washers.[Lead stands help to reduce electrical hazards on site - read more here.](#)

Description

Essential for keeping power leads out of the way on site, lead stands are ideal for areas where extension cords can present a trip hazard or electrical hazard. This lead stand adjusts up to 2.5 metres on a telescopic stem, and carries multiple leads safely off the ground.

- The 'Giraffe' Lead Stand is adjustable, portable, highly visible and very stable
- The polypropylene top is non-conductive and can hold up to 10 leads
- Adjustable From 1.3m to 2.5m
- Portable - the stem is telescopic and the base can be removed for easy handling
- Rounded base for maximum mobility on site
- Highly visible yellow powder coated colour for easy identification on site
- Multipurpose polypropylene hook is non conductive and can take 10+ regular extension cords
- Also suitable for other types of cables and hoses
