

Stretch Wrap - Clear Plastic Shrink Wrap

Product Images

Short Description

Clear pallet wrapper film, 350 metre roll x 500mm wide. 20 micron plastic is durable and puncture resistant for extra security.

Description

Stretch wrapping is an economical, tough and durable means of protecting equipment from water, moisture, dirt and damage during transport and storage. Shrink wrap or pallet wrap is ideal for securing and bundling small items, materials and boxes to pallets. Jaybro's stretch wrap will remain tight, it sticks to its self and leaves no residue. Thick 20 micron plastic is easy to handle, peeling with ease and stretches without relinquishing tension.

- Durable and puncture resistant plastic wrap
- High clarity film for visibility and scanning of products through packaging
- Low noise unwinding & extra high punch/tear resistance
- Good cling and ultra high stretchability
- Size: 500mm x 350m
- Pallet Qty: 128 rolls
