
Red PVC Coated Knit Wrist Gloves

Product Images

Short Description

Knit wrist gloves with full PVC dip. Sold in increments of 12 pairs.

Description

PVC gloves have great flexibility and resist cracking even in low temperatures. These PVC gloves are ideal for construction, outdoor maintenance and light chemical or oil splash. The bright red PVC gives increased visibility and easier identification of gloves. They offer good resistance to oil and grease and feature an elasticated knitted wrist to keep dust and dirt out. The cotton interlock wrist also enables easy on and off.

Features:

- Cotton lining
- Open back knit wrist
- Full PVC dip
- Sold in increments of 12 pairs
