

# 200x330mm Deep Ductile Iron Longitudinal Heelguard

## Product Images

## Short Description

Class F 900 loading with lateral ribs for stability & optimal anchorage in concrete bed. Matching covers for high load & optional boltless grating protection.

## Description

---

The MEADRAIN EN and ENS drainage systems are optimally designed for heavy-duty in which high wheel loads act on the channels. With force-fit ductile iron edges, these also meet the toughest requirements. The extensive range of products in nominal widths up to 400 mm with different heights offers the perfect solution even for the most demanding requirements.

**Features:**

- Loading Class F 900
- Lateral ribs for more stability and optimal anchorage in the concrete bed
- Matching covers for the highest load
- Covers optionally available with boltless grating protection or 4-fold boltable
- Various constructive heights available
