
Oricom 5 Watt Premium Handheld UHF Radio Lime

Product Images

Short Description

Stay connected wherever you go with our UHF CB Radio pack! It includes a radio, antenna, charging pod, belt clip, and a powerful 2600mAh battery.

Description

Introducing our rugged UHF CB Radio with an impressive IP67 rating, ensuring water and dust resistance for extreme conditions. Stay connected with the compact design and large backlit LCD display. Enjoy flexible communication with switchable RF power (high: 5W, low: 1W) and 3 programmable instant channel buttons. Access 80 channels and utilize features like fast charge technology, open/instant/priority scan, and signal monitoring. The durable die-cast metal chassis ensures longevity, while duplex functionality extends your range. With triple watch, audio scrambler, key lock, and squelch tail on/off, experience seamless communication. Enjoy privacy with 38 CTCSS and 104 DCS codes. The high-capacity 2600mAh Lithium-ion battery offers up to 30 hours of operating time. Additional features include a rotary volume control, 2.5mm jack socket for optional accessories, and the assurance of Korean design, engineering, and production. Benefit from a 3-year warranty on the radio and 1-year warranty on the battery/accessories. Stay connected, stay confident!
