
Band-It Stainless Steel Band 16mm x 30m

Product Images

Short Description

Band-it, steel strapping band in a handy roll size measuring 16 mm x30 m. Durable stainless steel construction with an average breaking strength of 2250 LBS

Description

BAND-IT is a high strength, stainless steel product. Delivering a clean appearance and good resistance to oxidation and weathering.

A non-magnetic material that has become the brand of choice within our industry. Using a patented imprint on the band to determine band length, known as EASY SCALE.

The EASY SCALE system eliminates costly waste and complicated measuring. This band marking allows users to roll out the required length needed for clamping. without the guesswork!

- 201 Stainless Steel offers good resistance to oxidation and many moderate corrosive agents
- Ideal for general use banding applications
- Can be used with clip style buckles to create band clamps
- Packaged in a standard box or a durable plastic tote for easy dispensing
