Short Description

MEA FLUID 150 GRP channel 185mm depth C/W SS heelguard grate (HM3/5) Class B, 304SS, CLIPFIX

Description

The MEA Fluid channel with Class B 304 Stainless steel heelguard grate is a versatile and durable solution for stormwater drainage. The 127mm deep channel is made from glass-reinforced polyester (GRP), which is a lightweight and strong material that is also recyclable. Manufactured from corrosion resistant 304 stainless steel, heelguard and slip resistant. The Clipfix system also makes it easy to install and remove the grate.

Features Made from lightweight and durable GRP material Class B grate to AS3996-2019 304 stainless steel finish P5 Slip resistance Barefoot Clipfix system for easy installation and removal Benefits: Easy to install and maintain Strong and durable Eco-friendly Versatile for a variety of applications Excellent value for money Applications Big box retain & restaurants Residential landscaped area's Poolside drains Area's near beaches

Additional Information

CODE	ACP-145102K4
U.O.M	Each
Material	Glass Reinforced Plastic
Channel Depth	185mm
Channel Width	150mm
Range	Fluid
Channel Length	1000mm
Grate Safety	Heelguard
Load Rating	CLASS B
Locking Type	Clipfix
Grate Material	Stainless Steel
Channel Meterial	Glass Reinforced Plastic
Swatch	no_selection
