## Product Images

## Short Description

Mea Access Shallow LZ1000 100 GAL Edge Polymer Channel 60mm total depth C/W galvanised heelguard grate, class B, CLIPFIX

## Description

---

The MEA Access Shallow Polymer Concrete Drainage Channel with Class B Galvanised Heelguard Grate is a versatile and durable drainage solution that is ideal for a wide range of applications. It is made of high-quality MEA Polymer concrete, which is known for its durability, strength, and resistance to chemicals and weathering. The drainage channel has a shallow profile, making it ideal for use in areas where space is limited. It also has a narrow inlet slot, which makes it safe for high heels and Bicycles. The Class B Galvanised Heelguard grate is made of high-quality galvanised steel and is designed to withstand light vehicular traffic. It is also easy to remove and clean, making it a low-maintenance solution. The MEA Access Shallow Polymer Concrete Drainage Channel with Class B heelguard Grate is easy to install and maintain, and it has a long service life. It is ideal for use in a wide range of applications, including: • Driveways • Carparks • Walkways • Big box retail • Sports fields Features and benefits: • Shallow profile for tight spaces • Made of high-quality MEA Polymer concrete • High Heel safe • Easy to install and maintain • Long service life
