

Dangerous Goods Cabinet | Flammable Liquids & Chemicals 350L

Product Images

Short Description

Powder-coated yellow dangerous goods cabinet with the capacity to store 350L

Description

Ensure your dangerous goods are stored in a safe and compliant manner. These Standards Approved 350L dangerous goods cabinet is constructed from sturdy steel. With strong shelves, it can fit all your hazardous or flammable chemicals, keeping them contained and out of harms way.

This cabinet is ideal for the storage of cans and containers of solvents, thinners, petrol, kerosene, etc. A bright powder-coated yellow finish makes it instantly recognizable in the workshop or factory.

Features:

Capacity: 350L (9 x 20L)
