# Asphalt Rake - Timber Handle 690mm

## Product Images

---

## Short Description

---

Timber Asphalt Rake with a 690mm handle.

## Description

---

Professional wooden asphalt rake with a 690mm handle. This lightweight asphalt rake allows a better finish for the top coat.

The lightweight nature of wood reduces the tendency to dig into the asphalt like many steel rakes.

Jaybro supplies a wide range of site tools for builders, civil and construction contractors for a wide range of applications.
