
Ahead Multi-message Sign 1200 x 300mm

Product Images

Short Description

This Roadwork Ahead Corflute sign is constructed from 5 mm thick fluted plastic featuring highly readable black text on safety yellow background. It measures 300 mm x 1200 mm wide and is highly visible day and night.

Description

This Roadwork Ahead Corflute sign is constructed from 5mm thick fluted plastic making it a low cost option for temporary applications. It features Class 1 Reflective finish making it ideal for high visibility situations both day and night. Measuring 300 mm x 1200 mm wide, this sign is specifically for use with our multi-message signs, featuring a simple steel tube frame in safety yellow that can be used with any combination of safety messages.

This enables you to easily customise the relevant safety messages you need to convey, making it perfect for use in roadwork, construction, traffic and civil applications. This lightweight Corflute sign is great combined with pictograms, icons, speed signs and directional arrows to convey changeable traffic conditions or alert motorists to work being undertaken.

Jaybro stocks over 9000 road signs at all times, giving you a wide choice of messaging options that are readily available for your project. Jaybro's multi message signs are approved for use in Victoria by VicRoads.
