

# Vehicle Safety Flag And Pole Kit, 3m

## Product Images

---

## Short Description

---

3m high orange safety flag and pole kit, intended for alerting other vehicles of your presence in off-road, industrial and mining applications.

## Description

---

Hi-visibility reflective flag on a flexible 3m high fibreglass pole. Comes with a quick release fitting for easy attachment and removal. Available with orange flag only.

Safety Flags give plant operators and other drivers on site a greater chance of seeing approaching vehicles and minimise the risk of accidents on mining sites and large construction projects. The flag is easily fixed to a vehicle and the flexible single piece 3 metre high pole gives excellent visibility from all angles. .
