

Gasket to suit P6, P8 and P9 Plastic Telco Pits

Product Images

Short Description

Gasket to suit P6 P8 and P9 Plastic Telco Pits

Description

This pit gasket ensures security of the pit from foreign objects entering the pit cavity. The gaskets fit neatly below the lid and are sized to suit P6/P8/P9 telecommunications and infrastructure pits. Made from black fluted polypropylene sheet (Corflute), they are a simple but effective barrier to dirt and debris. Please note that two gaskets are required for P6 & P8 pits, and 3 gaskets are required for P9 pits.
