

# Open Weave Fence Fabric 10Mw X 1.6Mh

## Product Images

## Short Description

Banner mesh is constructed with a thinly woven Nylon core coated with a liquid state polyvinyl chloride (PVC). The PVC dries to form the mesh finish. While PVC is flammable it is a more fire resistant plastic than most general-purpose plastics because it contains more than 50% of chlorine.

**These are our most popular sizes, but if you require a custom size, please contact our Site branding**
