

Top Mount Reflective Delineator 2-Way Top Mount Red White

Product Images

Short Description

2-Way Top Mount Delineator, Red/White, White or Red Reflector - choose from the options below.

Description

These red and white delineators are suitable for attaching to any type of guardrail. Manufactured from steel plate with 4 pre drilled screw holes, they feature either red, red/white or white reflective delineator dots on either side. Suitable for all types of guard rails.

Delineators are small retro-reflectors or panels of retro-reflective material which are attached to guide posts, guard fence, bridge end posts, or similar supports and concrete safety barriers, to provide a coherent pattern of delineation of the edges of the carriageway as an aid to night driving.
