

A Frame Barrier Tube Only, Yellow

Product Images

Short Description

Tube Length: 5.85m, Tube Diameter: 40.2mm, A-Frame Tube

Order with 2 x 03-AFRAME A-Frame Stand to create one complete barrier. An additional tube cross bar can also be used.

Description

- Assembled in place and all components are under 20kg, which means fast installation on your site with no injuries
- Barriers are tough, which means once purchased they will last multiple projects saving you money.
- 5.8 metre lengths enable barriers to be rapidly deployed, saving time and money on site.
- Shipped in kit form saving space in transport, which means we can ship large quantities efficiently
- Provide excellent stability and protection for your pedestrians.
