

# **Bolt Down Plate for DB80 Barrier**

### **Product Images**

### **Short Description**

Bolt Down Plate, recommended ground fixing plate for the DB80 barrier.

### **Description**

Steel plates to suit road barriers, including the Deltabloc DB80's available from Jaybro. These sturdy plates are used to permanently bolt down road barriers to the ground. Ideal for car parks, yards and tighter work areas (subject to site risk assessment).
