Short Description

Western Australian Multi-message Sign, Pedestrians Watch Your Step, Highly visible yellow and black temporary pedestrian sign, 5 mm Corflute, 600 x 600mm

Description

Pedestrians Watch Your Step - 5 mm Corflute, 600 x 600mm temporary pedestrian sign.

Temporarily control, warn and guide pedestrian through work zones.

Manufactured with class 1 reflective material. Yellow and Black design is sure to catch the attention of

general foot traffic. Reduce the risk of accidents and injury.

Multi-message signs are a substitute to traditional temporary stand-alone road & traffic signs. MMS systems allows for 3 signs to be displayed within a stand for traffic management during road works.

Jaybro's multi-message signs are manufactured from 5 mm Corflute. The lightweight design of Corflute and its flexible characteristics makes it ideal for temporary signage.

Western Australia has strict regulatory guidelines for MMS-PED multi-message signs. Jaybro provides signs that meet Australian standard for designs and usage.

Multi-message sign frames hold 2 x 600 x 600mm signs along the top, with a single 1200 x 300mm sign along the bottom.

The 600 x 600mm panels can be swapped for a single 1200 x 600mm sign along the top with the single 1200 x 300mm sign panel along the bottom.

If you can't find the sign you're looking for or need a custom sign made, call 1300 885 364 now. Our friendly customer service team can help with any road & traffic inquiries.
