Product Images

Short Description

Speed Disc 20 Km, Corflute, 600 x 600mm multi-message Sign for use in Western Australian Only (WA). Temporary road signage.

Description

20 KM Speed Disc Sign - 5 mm Corflute, 600 x 600mm temporary road and traffic sign.

Temporarily control, warn and guide drives safely through work zones. Alert road users of temporary hazards and changes to road or traffic conditions.

Manufactured with class 1 reflective material. MMS regulatory road signs, designed to inform drivers of temporary changes to regulations.

Design to assist traffic management during road works and maintenance. Our signs are designs to guidelines specified by state road authorities in WA.

Manufactured on Corflute with Class 1 reflective material. Ideal for use during temporary roadwork and traffic management. If you can't find the sign you're looking for or need a custom sign call 1300 885 364 now. Our friendly customer service team can help with any road & traffic inquiries.

Multi-message signs are an alternative to traditional stand-alone signs.

MMS signage are easier and cheaper then stand alone signs due to signs construction. Use Jaybro's Multi-message signage in conjunction with stand alone signs for the most impact.
