**See product details below for more information.**

## Description

This premium hose is specially designed for parks and gardens as well as general rural use. With a

temperature range of -5°C to +60°C, it can withstand extreme temperatures. It features a black inner wall and smooth white outer layer with blue stripes. The high tensile textile cords provide reinforcement, while the highly flexible material ensures that it is resistant to kinks, bursting and UV light.

CODE	Dimensions (mm)	Working Pressure	Ben Radius (mm)	Weight (kg/m)	Coil Length (m)
