

Anti-gawk Screen Fence Banner Mesh

Product Images

Short Description

Anti Gawk Fence Banner Mesh, custom sizes available - Premium mesh, closed weave with 80% blockout. Full-colour print coverage. Hemmed and Eyeleted, UV treated.

Description

Ideal for covering up unsightly work zones, increasing privacy and building brand awareness.

Jaybro’s premium mesh banners are the perfect solution for maximising your company’s exposure to the general public. Showcase your logo or promote your services.

Premium Mesh offers 80% blockout further reducing gawking around your project. Increase driver safety by creating a visual barricade between the work zone and motorists.

Anti-gawk screen banners turn concrete and water filled barriers into the ultimate advertising platform. Jaybro can create custom banners to suit any size anti-gawk screen. Full-colour print coverage on white banner mesh. Long lasting when installed correctly.

Contact Jaybro now on 1300 885 364 to find out more or request a free quote online.
