

P2 Prefilter to suit Pro Choice Maxi Mask Half Face Respirator, Pack of 20

Product Images

Short Description

P2 Profilter Pre Filters. Supplied as a pack of 20, these offer particulate protection in addition to the gas filters on a Pro-Choice half mask.

Description

Pro Choice P2 Prefilter for use with ProCartridge. Supplied as a pair, these offer particulate protection in addition to the gas filters on a Pro Choice half mask, and are approved to Australian Standards. P2 cartridges protect against mechanical and thermally generated particles. These lightweight pads fit inside the ProCartridge gas cartridges, and are easy replaced when necessary.

These pre filters are designed to fit the HMTPM ProChoice Maxi Mask 2000 Half Mask Respirator. This respirator offers quick and easy filter cartridge connection and is made from durable thermoplastic rubber. Using pre filters with your respirator provides added protection in environments where gas, vapours and particulates are all at risk of causing harm to workers.

- Provides protection against mechanically and thermally generated particles
- Carton Qty: 20
