

ProChoice Respirator Gas / Vapour Cartridge A1P2, Pair

Product Images

Short Description

Gas / Vapour A1P2 Cartridges, sold as a pair. These cartridges are designed for use on the ProChoice Maxi Mask 2000 and are approved to AS/NZS1716.

Description

A1P2 cartridges for gas/vapour and combination particulate/gas/vapour cartridge. This pair of respirator cartridges are designed for use on the ProChoice Maxi Mask 2000 and is approved to AS/NZS1716. This A1 P2 cartridge set provides particulate protection as well as gas and vapour protection.

These cartridges are designed to fit the HMTPM ProChoice Maxi Mask 2000 Half Mask Respirator. The ProChoice respirator offers quick and easy filter cartridge connection and is made from durable thermoplastic rubber. Using pre filters with your respirator provides added protection in environments where gas, vapours and particulates are all at risk of causing harm to workers.

Features:

- Easy lock-on system to ProChoice Maxi Mask 2000
- Comes complete with a P2 ProChoice Filter and retainer caps
- A1P2 cartridges for gas/vapour and particulates
- Protects against dust and vapour fumes up to 1000pp
- Sold as a pair
- Carton Qty: 25 pairs
