

Laser-Trak Disposable Detectable Foam Ear Plugs, Box of 100

Product Images

Short Description

Box of 100 contoured T-shape corded earplugs, shaped for easy insertion and wear. Rated to SLC80 25 dB (Class 4).

Description

Laser Trak safety earplugs offer high visual and metal detectability in a single use earplug. Laser Trak's low-pressure polyurethane foam expands gently inside the ear canal for comfortable long-term wear, while its contoured T-shape delivers easy handling. A metal grommet on the earplug aids in metal detection, especially

in process industries.

Features:

- Non-ferrous metal grommet and bright colors are easily detected by visual and automated inspection
- Formable foam expands to fit most wearers
- Particularly suited to food and pharmaceutical industries
- Each pair is individually packed in a poly bag
- Corded
- Contoured T-shape for easy insertion and wear
- SLC80 25 dB (Class 4)
