

Antiseptic Wipe/Swab, Sterowipe, Non-Sting, Alcohol Free, Sterile

Product Images

Short Description

Antiseptic Wipe/Swab, Sterowipe, Non-Sting, Alcohol Free, Sterile (pack of 100). These individually wrapped wipes are used to soothe and clean cuts and graze and help to prevent infection.

Description

Single use disposable wound cleaning wipes are ideal for providing simple first aid on cuts, grazes and minor wounds.

These cleansing wipes are a moist tissue containing an aqueous solution used to soothe and clean cuts and grazes. This helps to prevent infection.

This skin cleansing product is alcohol free, meaning there is no stinging sensation caused by conventional alcohol wipes. Each wipe is individually wrapped for hygiene. These antiseptic sterowipe swabs are supplied in a pack of 100. Wipes measure 10.5 x 19cm.

Intended Purpose: For cleansing the skin prior to applying dressings, before a procedure or device application, and/or to maintain skin hygiene.

Health Warning: Always read the label and follow the Directions for use.
