Product Images

Short Description

First Aid Emergency shower, 225 x 300mm - Notify and direct employees to the location of your workplaces emergency safety shower. durable steel signage is suitable for indoor and outdoor use.

Description

225 x 300mm First Aid Emergency Shower Sign. Install in your workplace to direct and inform employees of the location of the emergency shower location. Designed in industry recognisable green with white text and pictogram.

This sign is manufactured from 0.6mm steel that comes with a 7-year weather resistant coating. Coming standard with rounded corners and pre-drill mounting holes. The round corners reduce the chance of catching, cutting and tearing. The pre-drilled holes make installation easy.

First aid emergency shower station is essential equipment for every working environment that use chemicals and hazardous substances. The safety shower stations are designed to reduce workplace injury and keep workers safe from various dangers.

As a major supplier of traffic, first aid and safety signs, Jaybro has the capabilities to custom make signage from steel, polypropylene, Corflute and self-adhesive vinyl. We can help design and manufactured signs to suit your needs.
