
Magnetic Arrow Sign - 450 x 150 mm

Product Images

Short Description

Class 2 Reflective right pointing arrow sign, printed on 450 mm x 150 mm magnetic material for easy repositioning and placement on metal surfaces.

Description

This Class 2 Reflective arrow sign clearly indicates a right pointing arrow image on safety yellow background. A compact 450 mm x 150 mm size, it is printed on magnetic material for easy repositioning and placement on metal surfaces.

Class 1 Reflective material is also available, along with a range of other magnetic signs for handy positioning on any magnetic metal surfaces. Magnetic signs are great for temporary or constantly changing work areas where movable signage is necessary.

This small sign is ideal for construction use, pedestrian directional signage or wayfinding signage. Jaybro has a wide range of magnetic signs available including Closed, Ahead, and more that can be combined with other signs and messages to customise communication to the public.

Jaybro carries a wide range of safety, construction, directional and traffic signs and we have over 9000 road signs in stock at all times. A wide range of curved, straight and directional arrow signs are available to ensure traffic flow is clearly shown and hazards are minimised. If you need a custom printed arrow sign or a custom printed message, contact Jaybro for more information. We can custom print any message or image you require on a wide range of colours and materials.
