## Short Description

---

Class 1 Reflective Lane Status sign, printed on 230 mm x 300 mm magnetic material for easy repositioning and placement on metal surfaces.

## Description

---

This Class 1 Reflective arrow sign features a black bar over a safety yellow bar to indicate lane status. A compact 230 mm x 300 mm size, it is printed on magnetic material for easy repositioning and placement on metal surfaces.

A range of other magnetic signs are also available, perfect for positioning on any magnetic metal surfaces. Magnetic signs are great for temporary or constantly changing work areas where movable signage is necessary. This small sign is ideal for construction use, pedestrian directional signage or wayfinding signage. J

aybro has a wide range of magnetic signs available including Closed, Ahead, directional arrows and more that can be combined with other signs and messages to customise communication to the public. Jaybro carries a wide range of safety, construction, directional and traffic signs and we have over 9000 road signs in stock at all times. A wide range of lane status signs such as 2 Lanes Open, 3 Lanes Open, Left Lane Closed and more are available to ensure traffic flow is clearly shown and hazards are minimised.

If you need a custom printed traffic or pedestrian lane sign or any custom printed message, contact Jaybro for more information. We can custom print any message or image you require on a wide range of colours and materials.
