
Roll-Up Sign Kit

Product Images

Short Description

Roll-up sign kit, includes tripod, extendable bars, weighted bag (supplied empty) and a kit bag for easy storage. **Please note signs are sold separately.**

Description

Roll up signs are a great solution for temporary road works applications. These simple to set up sign stands fit workman signs that measure 900 x 600 or 1200 x 900. The flexible signs are available in a range of styles and colours - go to our [roll up signs](#) page for more information. Please note the sign itself is not included in this kit.

Features:

- Extendible legs to accommodate both 900 x 600mm and 1200mm x 900mm signs
- custom messages available for any traffic control requirement
- Suits Class 1 reflective sign faces for day/night use
- Suits a range of signs that are available in fluoro orange, fluoro yellow, white or red
- Kit includes : tripod, two extendable bars, weighted bag (unfilled), kit bag for easy storage
