

Painted Hardwood Surveyors Peg 50 x 25 x 900mm

Product Images

Short Description

Imported hardwood peg, 50 x 25 x 900mm, painted. **Sold in packs of 24.**

Description

Indicator survey pegs or surveyors pegs are ideal for ground marking and a range of other civil and construction projects. Essential for surveyors, concreters, landscapers and more, they provide an easy and environmentally friendly way to set out areas and boundaries. These dumpy pegs are painted for better visibility in the field. Unpainted versions are also available from Jaybro.

They are available in various lengths from 230mm long to 1200mm long. Minimum order quantity 24 stakes.
