

Steel Post Drive 800mm

Product Images

Short Description

Constructor Safe post driver, 800mm

Description

Steel star post driver makes it easy to install star pickets, Waratahs or fence posts. Rugged construction and large dual handles give good grip enabling you to drive posts into the ground with ease. This star picket driver is a handy manual tool that's essential for any workers driving star pickets repeatedly. Using a star post driver saves time and effort on the job.

- Heavyweight - length 800mm
- Weight: approximately 8.9kg
