

Pre-Filled Sand Bag, Yellow 5kg

Product Images

Short Description

Prefilled sandbag in safety yellow, has a multitude of uses on site. Provides an ideal weight for road works including swing stand signs, boxed edge sign legs, multi-message sign legs and barrier board legs.

Description

Bright yellow prefilled sand bags for heavy duty construction site use and roadworks. These sandbags are conveniently supplied already filled with sand, and are stitched with durable fabric tape for durability in challenging conditions. Weighing 5kg, these sandbags are ideal for holding down signs and barrier boards, and other lightweight site items that are susceptible to tipping over in the wind. Bag measures 500mm long x 220mm wide and features a handle for versatility.

Features:

- Prefilled and stitched
- Ideal weights for roads including swing stand signs, boxed edge sign legs, multi message sign legs and barrier board legs.
- Colour: Safety yellow.
- Size: 500 x 220mm.
- Weight: 5kg
