

Survivair Filter Holder for P2 Filters

Product Images

Short Description

Filter holder base plate for P2 filters, suits Survivair S Series half and full face masks.

Description

Replacement filters for use with full face respirators include a range of prefilters, filter holders and filter retainers. These Survivair B140074 Filter Holders (S Series) can be used on both full face respirators and half masks to reduce filter replacement costs. Supplied as a pair, these filter holders snap on to the filter on your Survivair mask, holding P2 filters in place.

Features:

- Use with Survivair S Series Respirator
- Holds P2 filters in place
- 2 Per Pack
