

Survivair Filter Retainer For P2 Filters

Product Images

Short Description

Filter retainer, for P2 filters. Holds P2 filters to filter holder or to other filters. Survivair brand by Honeywell suits legacy Sperian half and full face masks including Blue 1, 2000 & 3000 series half masks and the Optifit Convertible Full Face Mask.

Description

Prefilter Retainer Survivair Prefilter Retainer. Pack of 1 each. Certified to AS/NZS 1716:2012 Lic 0952.

These filter retainers are designed to hold P2 prefilter pads on to your respirator cartridges. They simply clip over the prefilter and attached to the cartridges on your half or full face mask. Each filter retainer is certified to AS/NZS 1716:2012 Lic 0952 and is ideal for use with dust such as asbestos etc when used with a prefilter and an appropriate cartridge.

These Honeywell / Legacy Sperian / Survivair filter retainers suit Honeywell half face and full face masks including air purifying respirators and powered air purifying respirators. These include 2000 and 3000 series, Blue 1 and OptiFit masks.
