
Disposable Ear Plugs - Bell Shaped Corded

Product Images

Short Description

Disposable Earplugs - Corded Bell Shape, 100 pairs per pack

Description

Class 5 - SLC80 27dBa, bell shaped for easy insertion into ear canal, Low pressure PU foam.

These simple corded earplugs are made from soft and pliable polyurethane foam ensuring all day user comfort. With a Class 5 rating offering up to 27dB, they are ideal for noisy environments. The plastic cord allows workers to easily drape the earplugs around their neck if they need to remove them temporarily, and prevents the plugs from getting lost or heavily soiled.

Supplied in a pack of 100 pairs, these bell shaped corded ear plugs are a simple solution for loud working environments.

Features:

- Class 5, SLC80 27dBA
- Bell shaped for easy insertion
- Corded style
- Box of 100 pairs
