

# Chainsaw Head Protection - Mesh Visor Kit

## Product Images

## Short Description

---

Chainsaw head protection with mesh visor kit. Includes hard hat, attachable ear muffs, mesh face shield and visor holder cap bracket.

## Description

---

This hard hat and face shield combination is ideal for applications that require both head, eye and ear protection such as chainsaw operations. Includes a standards approved hard hat, earmuffs and strong mesh face shield, providing all round protection for jobs that don't require a polycarbonate splash or impact protection face shield. This can include situations such as forestry operations, mulching, landscape and tree work and more.

### Includes:

- Hard hat
- Cap attachable ear muffs
- Mesh wraparound face shield
- Visor holder
