

Disposable Ear Plugs - Tapered, 200 Pairs

Product Images

Short Description

Disposable earplugs, Class 5 SLC80 rating, 26dB(A). Jaybro's tapered earplugs are easy to fit and made to Australian Standards. The soft foam offers maximum comfort whilst offering excellent Class 5 protection on site.

Description

Bulk box of 200 pairs of disposable earplugs, Class 5 SLC80 rating, 26dB(A). Tapered for easy insertion into ear canal, these earplugs are moulded from low pressure PU foam. Simply pinch and roll the earplugs before inserting, after which they return to shape gently, giving a precise fit to all ear shapes and sizes. Polyurethane foam is very soft and lightweight which contributes to worker safety. With a noise reduction rating of 26dB, they offer significant protection to workers in moderately noisy environments. Gently tapered, they are shaped for comfort and all day use.

- Class 5 SLC80 rating
- 26dB(A) NRR
- Tapered for easy insertion
- Comfortable and soft PU foam
- Box of 200 pair
- Fits all ear shapes
