

Premium Hard Hat With Wide Brim

Product Images

Short Description

Premium wide brim hard hat, ideal for sun protection and additional protection over the neck and ears. Provides strong protection from falling objects, meets Australian Standards 1801 for head protection.

Description

Premium wide brim hard hat, ideal for sun protection and extra protection from falling objects. Meets Australian Standards AS/NZS 1801 for excellent worker protection. This lightweight and adjustable safety helmet is breathable for good circulation and comfort on the job site. The wide full brim extends to offer extra coverage to the neck and ears compared to a regular hard hat. The slightly shorter front peak offers good upward vision.

Features:

- Lightweight and durable ABS shell
- Air vents for increased air circulation and comfort
- 6 point ratchet head harness
- Sweatband prevents perspiration build-up
- Full brim extends coverage to over the neck and ears
- Slightly shorter front peak allowing for good upward vision
- Adjustable and breathable for wearer comfort
- Lightweight design
- Meets Australian Standard AS/NZS 1801
- One size fits all
