

Snake Guard - Snake Protector

Product Images

Short Description

Pair of snake protector snake guards, one size fits all.

Description

The Snake protector gaiter has undergone rigorous testing and development resulting in a very high performance garment that has consistently proven effective in preventing snake venom from penetrating.

- Rigorously tested for performance
- Designed for protection from Australian snakes
- Tough, extremely durable outer material for long life under normal wear and tear
- High quality zipped fastening
- Vertical under-boot strap holds gaiter down
- Heavy duty proven protectors for lower leg
- Essential for any outdoor workers kit
- Chain under boot prevents inadvertent leg exposure
