Short Description

Essential harness - Standard

Description

- **Maximum Grip Design:** Pebble Weave Webbing ensures maximum grip for buckles, eliminating slippage and the need for constant readjustment.
- **Durable Construction:** High Tenacity UV stabilized webbing enhances resistance to solvents and UV light degradation, ensuring longevity.
- **Enhanced Visibility:** Retro-Reflective Thread integrated into the webbing improves visibility in low-light conditions, promoting safety.
- **Easy Connection:** Large Dorsal D Ring facilitates easier connection, enhancing user convenience.
- **Safety Features:** Closed Loop Webbing system on the rear Dorsal D maintains positioning in the event of a fall, reducing the risk of injury from hardware impact.
- **Belay Loops:** Extended Belay Loops make hardware connection easier, adhering to AS/NZS requirements for absolute front and center positioning.
- **Sub Pelvic Strap Integration:** Integrated along the line of Belay Loops, it places the worker away from hardware during a fall, significantly reducing the risk of injury.
- **Comfortable Fit:** Articulated Chest Strap and shoulder adjustment points are designed for additional user comfort, especially for female users.
- **Padding for Comfort:** Padding under buckles enhances overall comfort during use.
- **Convenient Service Pouch:** Equipped with a service pouch on the back for added convenience.
- **Long Lifespan:** Boasting a 10-year lifespan from the date of manufacture, ensuring durability and reliability.
