

Cigarette Ash Bin

Product Images

Short Description

Cigarette ash bin, steel, powder-coated.

Description

Compact steel ashtray for designated smoking areas. Ensure your breakout areas are kept tidy with this simple smokers ash tray. Workers are encouraged to dispose of cigarette butts responsibly when an ashtray such as this is provided near lunch tables, in smoking areas and on-site and off-site areas. Dimensions: 305mm wide x 160mm high x 150mm long. Made from powder coated steel it is rugged and long lasting even in harsh outdoor weather.
