
5L Drink Cooler Jug

Product Images

Short Description

Drink cooler jug, 5.68 litre capacity with drink spout.

Description

Keep your workers hydrated with this handy 5L drink cooler from Jaybro. A 5 litre capacity is great for all day use and the insulated body keeps your water or electrolyte mix nice and cool. Complete with a drink spout, this rugged plastic thermos jug makes it easy to dispense drinks. A carry handle makes it easy to move around on site. Plus, the generous sized twist top lid makes it easy to fill or to mix up electrolyte powders directly in the cooler.

Features:

- 5L capacity
- Rugged exterior for on the job use
- Insulated body provides extended cooling
- Big twist top lid for easy filling
- Fill with water or mix up electrolyte powders easily
- Includes drink spout
