
Folding trestle table

Product Images

Short Description

Folding trestle table measuring 1800x750mm with legs that fold away for easy storage and transportation. Suitable for use indoors and outdoors with no assembly required.

Description

A durable, easy to set up and pack down folding table with trestle legs. This table is a low-cost solution for temporary lunchrooms, offices, functions and training. Ideal for indoor and outdoor use with easy to wipe down tabletop.

Measuring 1800 x 750mm in size. This handy table works well with Jaybro's folding [Gazebo](#) and [plastic stackable chairs](#). When not in use this table is extremely easy to store due to the trestle legs and thin line design.

If you need to create extra table space onsite, this well built folding table is for you. The perfect space-saving solution that is easy to carry and transport.
