

# Wheel Stop Fixing Pin 360mm long

## Product Images

## Short Description

---

Wheel stop fixing pin, 360mm x 13mm

## Description

---

Use to fix wheel stops and speed humps to gravel or asphalt. This long 360mm pin is 13mm wide with a 20mm head, and is ideal for fixing rubber wheel stops in car parks. The threaded shaft is suitable for both asphalt and gravel surfaces, and it is highly effective at holding wheels stops level and in the desired place.
