

# Grey Ansell Hyflex Glove, Size 9 - while stocks last

## Product Images

## Short Description

Ansell Hyflex breathable grey foam nitrile work glove with palm coat and knit wrist. These gloves offer an improved design that delivers up to 30% more breathability for all-day, everyday comfort.

## Description

The Ansell Hyflex glove features a foam coating that provides more breathability to extend worker comfort. Ideal for industries including machinery and equipment, metal fabrication, chemical and automotive.

Great for tasks such as picking and fastening components; adjusting systems and screwing; fastening components and parts; loading and unloading trucks and vehicles; product shipping, transport and delivery.

The foam nitrile coating promotes better grip allowing the worker to perform tactile tasks with ease. The improved coating on these breathable nitrile gloves offers improved grip in dry and slightly oily environments along with an extended durability compared to its previous formulation.

A tailored fit at the base of the pinky finger better matches natural hand contours. This glove benefits from a proprietary washing process that efficiently extracts impurities to deliver a cleaner, more comfortable glove. Independently certified as skin friendly by the Oeko-Tex® testing & certification system. Guarantees no transfer of silicone contaminants to metal parts prior to painting.

Complies with ANSI A1 Cut, 3 Abrasion, CE Standards, EN420:2003 + A1:2009, EN388:2016 3131A rating.
