

Honeywell Laser-Lite Un-corded Ear Plugs, LS-400A Dispenser Refills

Product Images

Short Description

200 pairs of un-corded, disposable earplugs. This product is the Howard Leight Laser Lite LS-400 Dispenser Refill pack by Honeywell. The bright and vibrant colours of these disposable earplugs not only make protection fun but also highly visible. The self-adjusting foam earplugs are made from a polyurethane foam that expands to fit virtually every wearer uniquely. **Please note the manufacturer has discontinued the dispenser that suits these earplugs, however the plugs can still be purchased and used without a dispenser.**

Description

The Honeywell / Howard Leight Laser Lite earplugs feature vibrant colours for easy identification. The self adjusting polyurethane foam is designed for user comfort and expands to fit any size or shaped ear. A contoured T shape ensures easy insertion, and the smooth closed cell foam prevents dirt build up.

Supplied 200 pairs to a bag as a refill for the Honeywell / Howard Leight earplug dispenser. **Please note the manufacturer has discontinued the dispenser that suits these earplugs, however the plugs can still be purchased and used without a dispenser.**
