

# 3M 6051 Respirator Cartridge A1 Organic Vapour

## Product Images

## Short Description

A1 Organic Vapours (boiling point > 65°C). Supplied as a pair.

# Description

The 3M A1 respirator gas filter is suitable for use with 3M 6000/7500 Series Half Face Respirators and 3M 6000/7000 Series Full Face Respirators. This filter is colour coded brown and protects against Organic Vapours (boiling point > 65°C). Suitable for protection when cleaning with or using organic solvents e.g. toluene, xylene and MEK. Also degreasing, mixing, using paint thinner, lacquers and glues.

Features a 3M Bayonet Connection System ensuring precise and secure locking, along with a low profile and well balanced twin filter design.

**Protection against:**

- A1 protection
- Organic Vapours (boiling point > 65°C)

**Use with:**

- 3M 6000/7500 Series Half Face Respirators
- 3M 6000/7000 Series Full Face Respirators

**Features:**

- Complies with AS/NZS 1716:2012
- 3M Bayonet Connection System ensuring precise and secure locking
- Low profile and well balanced twin filter design

The 3M™ Cartridge Filters 6000 Series attach to 3M™ Half and Full Face Respirators to provide gas and vapour protection. The 3M™ Particulate Disc Filters 2000 series attach to the 3M™ Half and Full Face Respirators to provide particulate protection. Cartridges & Filters are tested to AS/NZS 1716.

The 3M™ Cartridge Filters 6000 Series attach to 3M™ Half and Full Face Respirators to provide gas and vapour protection. They are lightweight, well balanced when fitted to a mask, provide excellent field of vision as a result of the unique trapezoidal shape and the 3M™ Bayonet Fixing System ensures precise and secure locking. You can also attach 3M Dust/Mist Filter 5125 to your cartridges with the 3M Filter Retainer 501 to add particulate protection. The 3M™ Particulate Disc Filters 2000 series attach to the 3M™ Half and Full Face Respirators to provide particulate protection. They are lightweight, low breathing resistance, give excellent field of vision and the 3M™ Bayonet Fixing System ensures precise and secure locking.
